

Recommendation Letter

Name of Applicant: **Zhuge Chen**

Name of Reference: **Jyri Kivimaa**

I am writing this recommendation letter with regards to Mr. Zhuge Chen.

I have known Zhuge Chen since 2014, when he attended my course “IT Security and Cyber Security Assurance in Organizations” in Tallinn University of Technology. He passed my course perfectly (both, practical work and exam, were “excellent”) and proved me the motivation, intelligence, and analytical aptitude, which encourage me to recommend him to participate in further master programs and doctoral studies.

I applaud his decision and strong desire to take his dedication and skills to the next level. I am confident that Zhuge Chen will both grow from and give back to your program.

Sincerely,

Jyri Kivimaa, Ph.D.
